### Florida Doctor Organizes Conference on Reversing Chronic Disease

GAINESVILLE, FL – World renowned doctors, scientists, and researchers will gather to discuss an emerging new frontier in medicine– reversing chronic diseases. The upcoming conference titled, “Can Chronic Diseases be Reversed?”, will take place in Wildwood, Florida on Friday and Saturday March 2<sup>nd</sup> and 3<sup>rd</sup>, 2018 from 8 a.m. to 4 p.m. The event will be held at the Wildwood Community Center located at 6500 Powell Road Wildwood, Florida 34785. The conference is organized by Dr. Shalesh Kaushal and Comprehensive Retina Consultants.

Dr. Kaushal is a board-certified ophthalmologist based in The Villages, Florida specializing in the area of vitreoretinal disease. Dr. Kaushal believes in the principle of improving the overall health and nutritional state of the body to optimize retinal function, which he incorporates with each patient. For him, medicine is not only a job, it is a lifestyle choice.

Dr. Kaushal is a member of numerous associations, including The Retina Society and The American Diabetes Association. He is board certified by the American Board of Ophthalmology and the American Board of Integrative and Holistic Medicine. In 2015, he received the Seelig research award from the American College of Nutrition. He has been invited to speak at events throughout the U.S. and internationally.

Dr. Kaushal is dedicated to helping patients as their vision and health improve and is considered one of the foremost authorities on retinal disease.

Topics to be discussed at the conference include gut health, reversal of neurodegenerative conditions, clinical genomics, Alzheimer’s disease, stem cell therapies and diabetes. Some of the best doctors in this field will come together to discuss the possibilities of reversing chronic diseases. This new and exciting field in medicine will be looked upon by world renowned doctors.

Sponsors of the Reversal of Chronic Diseases Conference include Comprehensive Retina Consultants, Central Florida Health, aha Pure Foods, Stem Cell Institute, Diagnosys, Evoke Neuroscience and Methyl Genetics.
